ULTRA NATURAL PPL FINISH FEATURES

Fade Resistant

Easy Cleaning

Scratch Resistant

Water Resistant

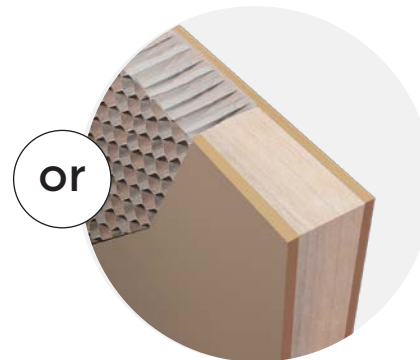

Stain Resistant

PALLADIO COLLECTIONS FEATURES

Premium. Smart Core

Door is made from solid pine with SmartCore filling. This benefit allows to significantly increase sound and thermal insulation in comparison to regular doors.

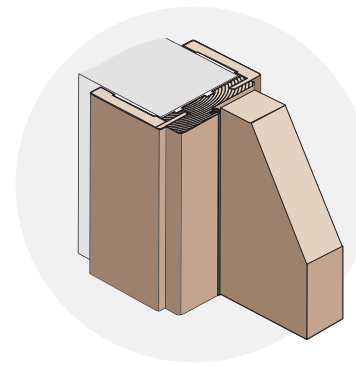

Economy Plus. HoneyComb Core

Door is made from Medium-density fiberboard with fine mesh honeycomb filling. This benefit allows to keep the strenght and structural rigidity of the door slab.

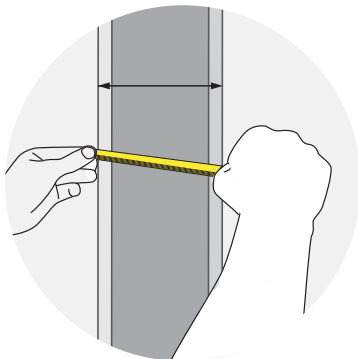

Noce or Bianco Noble Ultra Natural PPL Finish

Door slab coated by polypropylene film making a highly scratch resistance finish – while visually and texturally mimicking wood grain perfectly. Minor variance in grain will apply.

Innovative Solid Wood Frame Structure

1. Adjustable matching jamb and casings.
2. Rubber seal
 - a. Soft closing
 - b. Noise reduction
 - c. Door slab and jamb protection when closing

Easy Installation

We provide our customers with Installation instruction. It will reduce the time of work and deliver high quality installation by Builder.

SmartSweep (optional)

Automatic Door Sweep is installed at the bottom of the door to protect the room from the dust, noise, drafts, smoke and insects. Upon closing, sweep mechanism is triggered by a switch at the door's hinge side, which activates the sweep to drop down.
